

Macedonia State Park

Macedonia Ridge Trail

Macedonia Ridge

Distance: 6.39 Mile

Highest Elevation: 1390ft

Lowest Elevation: 893 ft

Surface: mixed

Difficulty: Challenging

Parking: Lot on Macedonia Brook Road.

The Macedonia Ridge trail within Macedonia State Park offers one of the longer, single day loop trail hikes in our region. Starting at the parking area on Macedonia Brook Road, the recommended route proceeds counterclockwise so that the return trip from the western vistas on Cobble Mountain and other summits is downhill to your car. The hike passes through dry oak/pine woodlands and involves 700 feet of elevation gain with some steep slopes.
