

Sue Grossman Still River Greenway

Sue Grossman Still River Greenway (Torrington and Winchester, Connecticut)

Length: 3 miles

Highest Elevation: 730 ft

Lowest Elevation: 715 ft

Surface: Paved (ADA Accessible)

Difficulty: Easy

Parking: lots North and South

The Sue Grossman Still River Greenway runs parallel to Winsted /Torrington Road along the discontinued Naugatuck branch of the New York, New Haven and Hartford rail bed between Harris Drive in Torrington and Lanson Drive in Winchester. There are several at grade road crossings but the trail is fully accessible and benches are provided at points along the way. It is popular with local residents and offers an excellent cross country skiing option in the winter.
